Re: PT8GC231

To the planner responsible for report on this application,

We the undersigned residents, landowners and farmers of Annaghdown request that the entrance/exit to our new graveyard be on the main road L2117 as shown in the example image below.

Concerns over proposed design,

1. The cul-de-sac access road and lack of places to turn will create a bottleneck causing unnecessary delays and traffic problems.
2. The approach roads to the graveyard will be lined with concrete posts, mesh fencing and farm gates – the approach should look better.

Benefits of a main road entrance,

1. Better flow of traffic in and out of the graveyard car park. Traffic can leave in 2 directions and disperse faster.
2. Simpler car parking arranged in a standard rectangle that is more user friendly.
3. The Graveyard could be fronted by a stonewall like the new Ballinrobe graveyard which would look much better than what is being proposed.

We are requesting a main road entrance in the interest of common sense to avoid the totally unnecessary problems highlighted above.

Respectfully,

The undersigned residents, landowners and farmers of Annaghdown.
