Dear Planner,

I am sending in map for Agricultural zoned land in Clifden, south of Clifden Town, which my client would like to change to Residential (Phase 1 or Phase 2) based on potential for development in the near future. The current Clifden LAP has this land zoned as agricultural and given that a recent planning application for a large-scale development is planned for across the public road my client feels that this provides a good opportunity to allow for lands to be designated as residential zoned lands as part of the new Clifden LAP.

Should you have any questions please do not hesitate to contact me.

Kind Regards,
